# ON GOLDEN POND

BY  
ERNEST  
THOMPSON

**October 8, 9, 15, 16, 22, 23, 29, 30, 2010**

A crusty, cranky old English professor guards his heart like a fortress and fixates on death, much to the despair of his wife, who tries to distract him with the beauties of the woods and Golden Pond around their summer cabin -- until a sassy thirteen-year-old boy comes into his life. Give this sentimental mixture of humor and heartstring tugs a try!
